

Individual coffee beans
electronically selected

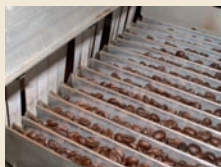

BAR EXTRA
100% ARABICA
with natural low
caffeine content

From the passion
and experience...
... to the guarantee
of superior quality coffee

BAR EXTRA

100% Arabica selected coffee blend
every coffee bean is examined in colour by
an optical electronic selection procedure.
This coffee blend is certified by the "CSC" association (Certified Specialty Coffee)

Category

Coffee

Product Name

"Bar Extra"

Packaging

Available in 1000g bags - whole bean coffee

Sensory Characteristics

A sweet and delicate taste
with a fruity intense aroma
for those seeking
aristocratic excellence

Distinguishing Features

- CSC certified coffee (Certified Specialty Coffee) along with ISO-9002 certification guarantees the superior product quality
- Each bag has an individual code and a unique hologram logo which ensures that each bag contains Certified Specialty Coffee
- Each coffee bean contained in this blend is examined in colour by an optical electronic selection procedure, eliminating any unripe beans that could potentially spoil a perfect cup

Culinary Suggestion

Particularly suitable for an afternoon
or after-dinner coffee due to its
natural low-caffeine content.
However, it is also suitable for those
who enjoy a fine espresso
at any time of the day
