## EUROGLIDE

### *Luxuriously Comtemporary*

The Euroglide semi-frameless shower screen combines modern flair with the aesthetics of a sleek, minimalist style.

It is ideal for bathrooms with layout constraints and does not require a large door opening radius.

Fittings are crafted in stainless steel and available in polished chrome finish.

**Key Features:**

- Frameless shower screen in a sliding format
- Stainless steel heavy duty rollers
- Corner Entry model comes with magnetic closure for superior water tightness
