

Citric C™ Tab

“Super-Powered” Vitamin C

Chewable and naturally delicious, Citric C™ Tabs provide a convenient and tasty way to get your daily vitamin C. Each tablet contains 125 mg of vitamin C—200% of the recommended daily value. Vitamin C (also called ascorbic acid) is a water-soluble vitamin essential for normal growth and development.* Vitamin C is also a known antioxidant that has been shown to combat free radicals and play an essential role in collagen formation, as well as support the body's immune system.*

Most vitamin C supplements only contain chemicals—making them difficult for your body to absorb. Sunrider's Citric™ C Tabs are formulated with a proprietary blend of herbal concentrates, including green tea extract and rose hips, which are rich in vitamin C and bioflavonoids. Our formulation makes it easier for your body to recognize and absorb the nutrients from our tabs.

With Citric C™ Tab, you can enjoy the taste and nutrition of real oranges without all the mess and fuss of peeling them. Kids love the natural orange flavor, so it's the perfect supplement for the entire family.

Owner Expertise

Researched, developed, and made by Sunrider in Southern California.

Superior Ingredients

Formulated with concentrated herbal extracts, including green tea and rose hips.

No Bad Stuff

No artificial flavors or colors: the dusty orange color comes from concentrated rose hips.

Antioxidant Powerhouse

Contains natural antioxidants and citrus bioflavonoids.

Philosophy of Regeneration®

Provides essential nutrients to the body to support optimal health.

Fits Your Life

Chewable tabs with a delicious natural orange taste that kids love!
