4 Steps Towards Performance Restoration & Reduction Of Pollution That Cause Global Warming

Tank Otto

Dirty Injectors

Dirty Valve

Oil Extra

Friction Build Up

Primer

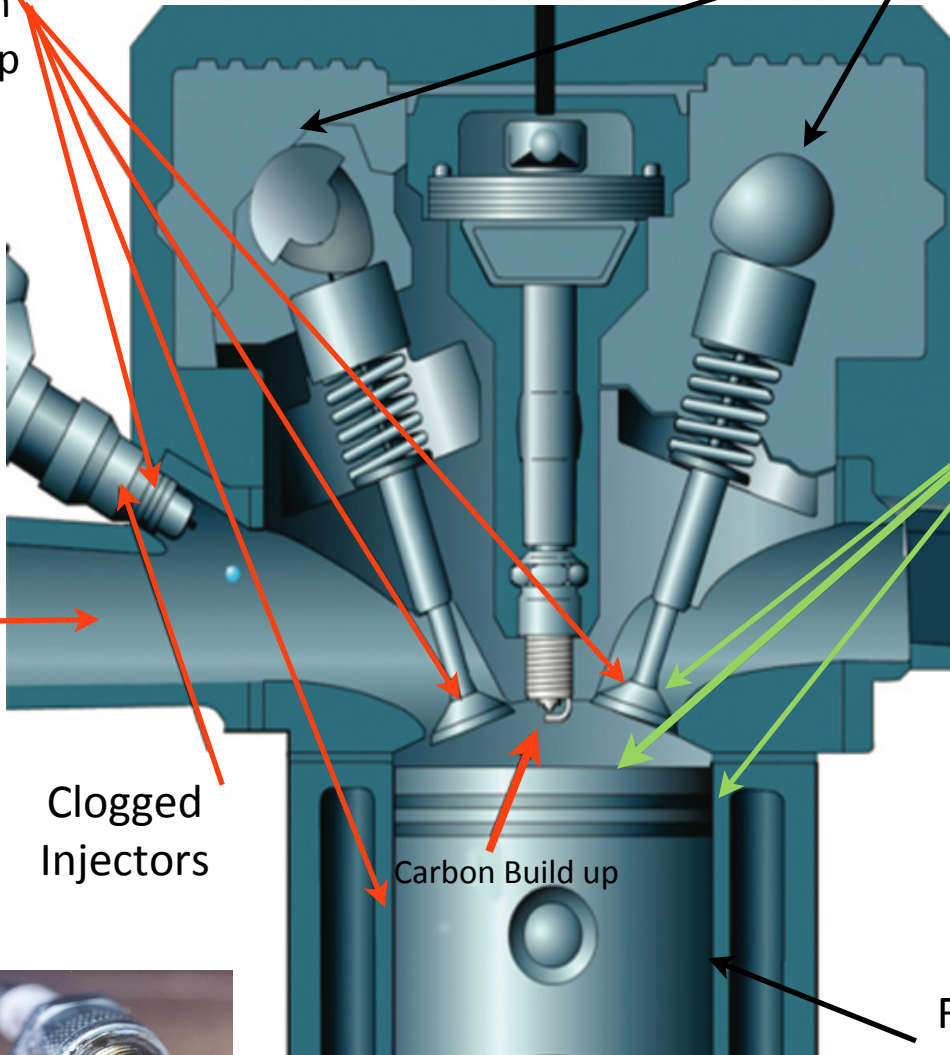

Compression Leak

Carbon & Vanish

Carbon Build up

HC, Impurities, Coking

Clogged Injectors

Carbon Build up

Friction Build Up

Tank Otto

Dirty Spark Plug

4 Steps Towards Performance Restoration &  
Reduction Of Pollution That Cause Global Warming

## Intake Cleaning

Before

After

- ✓ Restore & Increase Compression
- ✓ Rejuvenate, Clear & Clean Air Flow For Complete Combustion
- ✓ Resolves Problem Of Coking
- ✓ Reduce Pollution

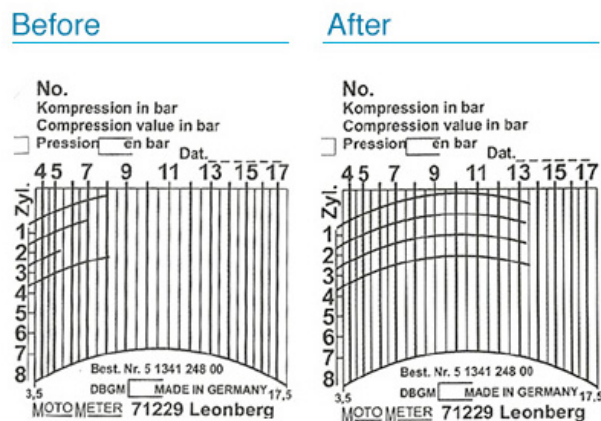

## Fuel System Booster

- ✓ Restore & Increase Compression
- ✓ Clear, Clean, & Lubricate Fuel Systems, Injectors, Valves, Combustion Chamber etc
- ✓ Removes Condensation
- ✓ Resolves Problem of Coking
- ✓ Melts & Clears Precipitate caused By Ethanol

## Engine Performance Restoration

- ✓ Engine Compression Restoration & Balancing
- ✓ Removes Varnish, Dissolves Coking & Lubricate With Micro Fine Friction Reducer
- ✓ Increase Fuel Economy
- ✓ Eliminate Contamination Leading To Hydraulic Tappet Rattle

Compressions are the barometer of an engines efficiency

## Extreme Adhesive Engine Oil Additives

- ✓ Extreme Friction Reducer
- ✓ Diminishes Wear Due To Cold Running
- ✓ Enhances Lubricating Film

For Diesel Engine  
3 Steps Towards Performance Restoration &  
Reduction Of Pollution That Cause Global Warming

## Fuel System Booster

Clean Dirty Injectors

- ✓ Cleans, Protects & Lubricate Fuel System, Injectors, Pump etc
- ✓ Increase & Balance Compression
- ✓ Fixes Burning Of Injectors
- ✓ Prevent Growth Of Algae, Bacteria & Mould Fungi
- ✓ Removes Condensation
